### Overview - Internet Links to Chapter References

---

#### **What is this?**

A sequential list of the web-based links referenced in the footnotes to *Global Migration: What's Happening, Why, and a Just Response*.

By sequential, we mean that the links are organized by page number and referenced by corresponding footnote number.

By web-based, we mean those resources that are available, and accordingly cited in *Global Migration*, with a web address.

#### **How is this organized?**

First by module, then by chapter, then by page, then by individual footnote.

#### **Why was this done?**

To make the resources easily accessible.

#### **How is this different from the visual content displayed on the FLC Module Learning pages?**

It tracks *Global Migration* by page. In contrast, on the FLC Module Learning pages, these same resources – and some others – are organized by topics.
